#### **Who is a Warrior?**

Veterans and service members who incurred a physical or mental injury, illness, or wound while serving in the military on or after September 11, 2001. You are our focus. You are our mission.

With the WWP, these service members are a valued part of a community that's been where you've been, and understands what you need. Everything we offer is free because there's no dollar value to finding recovery and no limit to what you they can achieve.

#### **Why Sponsor?**

More than 52,000 servicemen and women physically injured in recent military conflicts. 500,000 living with invisible wounds, from depression to post-traumatic stress disorder. 320,000 experiencing debilitating brain trauma. Advancements in technology and medicine save lives – but the quality of those lives might be profoundly altered.

The numbers speak for themselves, because not every warrior can. With the support of our community of donors and team members, we give a voice to those needs and empower our warriors to begin the journey to recovery.
